

Khant Win Soe

UI/UX Designer Front-end Developer

About Me

I am a new UI/UX designer. I have no work experience related to that job yet. Therefore, I want to learn. I am a quick learner and a respecter of work. I am someone who is always looking for new things on the internet. My goal is to become a professional full-stack developer.

Work Experience

6/2020 ➔ 6/2023

Office Staff

YESC EAST DISTRICT ENGINEER OFFICE

In the office, I can use microsoft office word, excel, powerpoint and visio. I also understand e-mail and printing very well. Files can be managed well. I can be solve computer errors, install any softwares & window and computer hardware components can be replaced. I understand a little about basic networking.

1/2023 ➔ 3/2023

Graphic Design

ASG CREATIVE INNOVATION CO., LTD

I did graphic design at ASG company for 2 months as an on-job training. I have done 4 logos and 1 team project.

1/2023 ➔ Until Now

Life Insurance Agent

CHUBB LIFE INSURANCE MYANMAR

I am working as a life insurance agency in CHUBB Life insurance Myanmar. The way I work is as a freelancer, I have to help my close friends and parents and relatives get life insurance coverage.

Education

2017 ➔ 2019

Third Year (Mathematics)

DAGON UNIVERSITY

I passed the second year of mathematics major at Dagon University, but I didn't continue to the third year because of a political conflict.

1/2021 ➔ 7/2021

FullStack Developer

PAGE MYANMAR WEB TRAINING

Before I started learning web developer from this course, I first learned from youtube 72coder channel. In this course, I did not study effectively because the teaching time was short and it was an offline class. But I understood to a certain extent.

12/2022 ➔ Until Now

FullStack Developer

CODE LAB TRAINING

This course was purchased through Google Drive and studied again as an online class to learn more about what I didn't understand. So far, I have taken a break from studying the backend part because I want to become a profession in the frontend part.
